Hot Watts

Published monthly by Cookson Hills Electric Cooperative, Inc.

Your Touchstone Energy® Cooperative 

Energy Efficiency

Tip of the Month

Circulate savings! Ceiling fans are a great way to keep cool during summer months and can even allow you to raise your thermostat setting about 4 degrees without affecting your comfort.

Source: energy.gov

Congratulations!

Ray Hamilton

is our online survey winner.

If you purchase an ENERGY STAR Room Air Conditioner this summer, you can earn a \$50.00 rebate. Visit our website at www.cooksonhills.com for more information or call 800-328-2368.

CHEC Awards Scholarships

Cookson Hills Electric Cooperative (CHEC) is pleased to announce the 2015 recipients of the Herman Driscoll Memorial Scholarship: Teonna Hodges of Stigler High School, daughter of Paul Hodges and Ginett Snow; Kristin Busby of Stigler High School, daughter of David Busby and Ann Jones; Kadyn Shumate of Central High School, daughter of Robert and Susie Shumate; and Chandler Brown of Stigler High School, son of Jeremy and Natalee Brown and Angela Maze.

The employees and board of directors of CHEC support the educational goals of area youth by awarding the Herman Driscoll Memorial Scholarship. Four college bound graduates in the CHEC service area each will receive a \$500.00 scholarship.

CHEC employees initiated the scholarship program in 1997 in memory of long time employee and former general manager of

CHEC, Herman Driscoll. Mr.

Driscoll believed

that education is of foremost importance to success. The scholarships are solely funded by employee fundraisers and donations. Their goal is to provide eligible graduating seniors the opportunity to further their education.

To be considered for these scholarships, students must submit an application and two letters of recommendation. Graduates must plan to attend a state accredited school or technical school offering an associate or bachelor degree. The program is open to any graduating senior whose parents or guardians are members of CHEC.

For details on the scholarship program, visit www.cooksonhills.com or call Felicia Williams at 800-328-2368.

If You Find Your Account Number Hidden in This Issue of the Hot Watts, You'll Receive a \$25 Credit on Your Electric Bill

Unclaimed Capital Credit Checks

The names listed below are member accounts that have capital credit refund checks available to them. The owners of these checks received service from CHEC and were issued a check which was returned by the postal service as undeliverable, or was never cashed. If your name appears on the list, or if you are

the surviving heir of a name listed below, please contact CHEC about the capital credit refund check. Below is an alphabetical listing of names (Hun- Z). The first half of the list appeared in the May issue of the Hot Watts. If you have any questions about capital credits, please contact CHEC at 800-328-2368.

Members 1st

Meet our owner ... You!

You are not just another person at your electric cooperative. You are a member, and our owner!

Discover the value your co-op membership provides:

Your community is ours too

Your cooperative supports schools, youth programs, and local events. We are involved in the community because we live here too. We care about our members and the future of our community.

You have control

Your cooperative is controlled by a board made up of co-op members, who live and work in your community.

You get paid back

As our member, a portion of what you pay on your electric bill is returned to you. This is called capital credits.

www.MembersFirst.coop

Associated Electric Cooperative Inc.

A Touchstone Energy® Cooperative 

Hot Watts Q&A

Question: What is the PCA charge on my electric bill?

Answer: The Power Cost Adjustment (PCA) is an amount in \$/kWh applied to a member's monthly kWh consumption to account for changes in the cost of wholesale power purchases from CHEC's power supplier that are above or below the power cost recovered in the base rates to the member. The PCA passes on the difference between the actual cost of wholesale power each month and the base cost used in determining rate schedules. The PCA factor will allow the cooperative to more efficiently track both increases and reduction in the wholesale cost of power. The PCA factor for future periods will be determined 201 based on the changes in wholesale power costs.
